

Small school. Big heart.

From the Desk of Mrs. Ingram

Dear St. Bernadette Families,

We will begin Iowa testing on Monday, March 5. Every year we have a few students who need testing accommodations such as extended testing time or having the test read to them. **We need volunteers for these students.** Can you please check your availability from 7:45-10:15 on Mondays, Tuesdays, Thursdays and Fridays from March 5-March 20? You do not need to come everyday, but any day that you can help would be appreciated.

The Iowa tests are used throughout the archdiocese to monitor student academic growth. We use them at St. Bernadette to track individual student progress and curriculum. Students in grades 1-7 will be tested over a two-week period, allowing for some days of rest. Students in grades 2 and 5 will also take the Cognitive Abilities Test, or CogAT. This test gives us an idea of how well and how quickly your student processes verbal, quantitative and non-verbal information. Students in these grades will have three additional days of testing (for about 45 minutes) after we complete the Iowas.

Please do your best to have your child here each testing day, and make sure your student gets some protein in the morning. This helps with alertness and stamina!

If you think you may be able to assist, please click on the sign up button, below.

The end of the second trimester is Friday, March 2. Please make sure you are able to access your Gradelink account. Report cards will be downloaded there the following week.

Blessings,
Lizanne Ingram
