Bradley Barnes has been doing his research on a married man for almost two years. Bradley and his wife began six months of the Classroom when they met in their early twenties and were married in March of 2013. Since that time, they have seen God work in mysterious and wonderful ways, including Bradley's reception into full communion with the Catholic Church. Through years of marriage, love brought hardships to weather, the Lord has blessed them with an abundance of happy memories. Because of the impact that a relationship with God has had in their marriage, Bradley has enjoyed sharing their story at local parishes and various events.
