Friday, February 26

Teachers are getting their COVID vaccines tomorrow. Our schedule:

Preschool - all AM classes will meet as usual

K-8 - all classes are REMOTE. Teachers have sent schedules and/or assignments.

Our second dose of the vaccine will occur on Friday, March 19. This may also be a remote day, depending on the appointment schedule.

Thursday, March 4 - LaRosa's Pizza Challenge! Flyer is below.

CogAT testing is nearly finished. Some students have parts to make up and we are doing that on our remote day, tomorrow, via the testing portal and Zoom.

End of Trimester, March 5 Teachers will be closing their gradebooks next Friday. If your student has any outstanding assignments, PLEASE assist him or her with submitting work. We will publish report cards as printable pdf files in Gradelink the following Friday.

COVID Update With warmer weather coming and community numbers starting to drop, it's tempting to throw caution to the wind on COVID protocols. We cannot do this. Please stay strong and vigilant! Do not take shortcuts with precautions and don't take a break from them, either. Wouldn't it be great if we could keep our total cases under 40 by the end of the year? Let's shoot for zero transmission wherever possible!

Blessings on your weekend,
Mrs. Ingram

MARCUS & HEATHER'S STORY

Marcus Binoeder was recently diagnosed with an inoperable brain tumor. He is seeing a team of physicians at The Barrett Cancer Center and has started a course of treatment. Marcus will be fighting for his life while undergoing radiation and two forms of chemotherapy.

He is a father to two young children, Ben and Jenna. His wife, Heather, has just recently recovered from her OWN battle with cancer for the second time over the summer. Marcus will be unable to work for the foreseeable future, and Heather is not working due in part to her own recent medical battles.

Heather and Marcus have been so generous with their time and resources to so many of us over the years, and they need our help NOW!

8th Grade Boys Basketball Team

The boys will be playing their last Home Game on Saturday, February, 27 @ 7:30pm

#21 Cannon Carmosino (Guard)

Cannon is usually the fastest guy on the court. He plays great defense and uses his speed to fly around defenders on offense. No one can match him for his half court and out of bounds shots. This is Cannon's 8th year playing for St. B and he is so thankful that he was able to play his 8th grade year!

#25 Jack Brinck (Forward)

Jack plays great defense against the other team's big men and is always looking to make a statement with a big shot block. He rebounds well and has good vision on offense. He gives 100% no matter if it's practice or a game. This is Jack's 8th year playing for St. B.

#40 Will Tipton (Forward)

Will may not be the tallest or fastest player on the court but nobody plays with more heart. He consistently does whatever it takes to help out the team. He is a great defender, usually blocking the biggest guy on the opposing teams and gets after loose balls and rebounds. This is Will's 8th year playing for St. B and he has loved every minute of it!

#1 AJ Gundler (Guard)

AJ has been a great all around player for St Bernadette. He wears his heart on his sleeve when he plays and has become a leader for the team. AJ's heart and love for his friends and basketball has brought so much joy to so many, especially to his parents! This is AJ's 6th year playing for St. B!

#24 Nick Jungkunz (Guard)

This won't come as much of a surprise to his teachers but Nick is the entertainer of the team making every practice and game more enjoyable. He plays great defense and passes very well. He's a great teammate and is always encouraging the team. Nick loves basketball and playing with his friends, which shows, as this is his 8th year playing for St. B!

#45 Eli Holland (Forward)

Eli is another player that loves to do the dirty work and loves being physical. He is the teams' best screener and is always looking to free up a teammate for an easy bucket. Eli has continually grown into his defensive ability, shutting down some of the best offensive players game after game.

What does it really mean to quarantine?

Quarantining is more than just staying out of the school building. A child who is quarantined may not interact with the public at all, and should wear a mask at home most of the time, especially if he or she has a caregiver who is vulnerable. Children who are quarantining should not be in stores, playing with others outside, or engaging with anyone outside their household until the quarantine is over. They should keep their distance from other members in their household as much as possible.

What does it mean to isolate?

Isolation requires removing a student from the rest of the family in the home. Caregivers should wear masks when interacting with the child and the child should wear a mask, too, even to enter a common area in the home. Disinfectants should be used liberally, and care should be taken to avoid "ongoing exposure" with other family members. When one family member is sick, normal quarantine lengths can stretch into 24 days for the rest of the family if isolation cannot be achieved.
