Visit our website

Dear Parents and Guardians,

As promised, I am sending you the directions for ordering lunch, and I've included our recommendations for birthday treats, too, in this COVID environment.

Have a safe, COVID-precautious, and restful long weekend,

~Mrs. I

1) To order lunch for your student, simply click [HERE](#) and complete the form.

- You can complete and submit multiple forms - one for each day you are ordering lunch, and one per child.
- Orders must be placed by 8:00 a.m. on the day in question.
- Lunch selections will appear on the drop-down menu. The first entree selection is "Daily option." To see the daily options, scroll to the top of the form and click on the provided link. The link takes you to the monthly menu where the daily option is clearly indicated for each day.
- You will select the day for which you are ordering. Again, if you select "daily option," make sure you know what it is for the day in question.
- Make your choices and click "submit."

Please let me know if you have any problems. Bon appetit!

2) If you want to bring in treats to celebrate your child's birthday, the pandemic guidelines have made us re-think what will work best. You do not have to bring in anything at all, but if you want to, please consider the need for foods to be sanitary, and individualized. Please consider any allergies in your child's classroom.

These are our recommendations:

- Single serving, pre-packaged treats- Hostess cupcakes, Rice Krispie treats, etc.
- Ice cream cups (These can be put in our big freezer. Parents: please supply spoons.)
- Store-bought treats are safest. Avoid tons of icing, like that found on grocery cupcakes - the colors can stain, and it's a lot of sugar for the kids. If purchasing cupcakes, make them "mini" to avoid waste. Teachers will have to "glove up" to distribute if you bring in a tray of these. Students will not be permitted to pass them out or have children select their own.
- Provide party favors instead of food. Please pre-package in separate baggies.
